

Looking North out of the bottom of the market place the diverse nature of Wirksworth's architecture is apparent – on the right is the historic Red Lion, an old coaching inn .

Hi all,

Hopefully some of you managed to get to the Australia Day event at the Ace Café in January, if you do have some picture please pass them on to me and I will publish them in the next edition on our magazine.

By now you should have received invitations to Holden Day in Derbyshire. This is being held on 18th May this year to celebrate 25 years of the Holden UK Register. It should be a wonderful event so I hope as many of you as possible can make it. If you do need any more information about the event or the area please give Guy, our membership secretary a call.

Remember, that if you want to sell or buy anything Holden related we are always happy to put an advert in this magazine or on our website, this service is free to members.

Regards

Ken

**HOLDEN DAY AT WIRKSWORTH,
DERBYSHIRE MAY 18TH 2013**

**CELEBRATING 25 YEARS OF THE HOLDEN UK
REGISTER.**

Members will already have received their invitation to our Holden Day in Derbyshire for 2013.

This year is an important one for the Register as it marks 25 years since it was inaugurated in a farmyard in the middle of England.

Your committee urge you to come for the day and bring your car if possible – the more cars the better - lunch and train trips will all be provided out of Register funds and the venue is ideal for a weekend or longer trip; there are so many interesting attractions in the area.

If you have any queries about this event please contact Guy Hardy: cawdronhardy@gmail.com, 01629820814, 07780322966 or Rookholme Cottage, 7, Gorsey Bank, Wirksworth, Derbyshire, DE44AD

In any event please advise your attendance by the 15th April using the form provided as we will need to liaise with the railway over catering and display car parking etc.

**Holden Signals VF Commodore Performance Intent with
Striking New Sport Luxury Show Car**

Holden has taken the wraps off its stunning new performance sedan show car ahead of the VF Commodore's international debut as the Chevrolet SS Sports Sedan in the USA this weekend.

Unveiled as a precursor to the new VF Commodore sport luxury range, the new VF SS V show car applies a serious performance edge to the luxury hero concept Holden previewed in the VF Calais V earlier this week.

The new VF Commodore will introduce a range of technology firsts for an Australian car, including Reverse Traffic Alert, Head-up Display, Blind Spot Alert, Forward Collision Alert, Lane Departure Warning and Auto Park Assist when it arrives in Australian showrooms mid-year.

The VF Commodore sport luxury range is more refined than any car previously produced by Holden, embodying the same design sophistication, premium appointments and attention to detail as the Calais V luxury sport concept.

The SS V has a mature, new aerodynamic exterior design, which has been finished in eye-catching custom Fantale orange metallic paint specially created by Holden for the show car.

Inside, the SS V benefits from a sleek, new interior design layered with up-scale finishes of suede, galvano chrome, gloss black and perforated leather with accent stitching. The result is a premium-grade cabin detailed with motorsport-inspired touches including carbon fibre look cross-car applique, stitched leather instrument binnacle and sports profile leather steering wheel.
